AVANT PREMIÈRE IS HOSTED BY THE IMZ INTERNATIONAL MUSIC + MEDIA CENTRE

The Vienna-based IMZ International Music + Media Centre was founded under the aegis of UNESCO in 1961 to preserve the performing arts as a cultural asset. With this goal in mind, our mission is to promote performing arts *in* and *through* audiovisual media in order to inspire and engage new audiences for music + dance. Our work is based on four pillars:

MARKET ACCESS + NETWORK

As the global business network for more than 150 member organisations, we connect the creators of the performing arts – the world's renowned stages, dance companies, opera and concert houses – with the audiovisual branches – film + TV production, distribution, public + private broadcasting and streaming + VOD platforms.

Regular industry gatherings and B2B events do not only enhance the quality + span of the network but also act as a marketplace for music + dance films.

PROFESSIONALISATION

In order to ensure a sustainable future for this specialised industry, the IMZ spearheads learning + develop-

ment opportunities. By disseminating state-of-the-art information on current trends, providing crucial resources, fostering knowledge transfer of industry-specific skills and engaging in young talent promotion as well as offering pitching opportunities, the IMZ acts as a strong interest group for industry representatives and the sector as a whole.

AUDIENCE DEVELOPMENT

The distribution of cultural content through audiovisual media reaches new audiences. In order to build on this effect, the IMZ programmes Music Film Festivals worldwide since both the festival character and the free admission lower the barriers to attend. Additionally, audience development is a crucial topic in the professionalisation efforts of the IMZ.

INNOVATION

Innovation and staying on the pulse of time are deeply embedded in all IMZ activities. Additionally, we specifically engage in showcasing pioneering technologies for the arts and spearhead working groups on innovative approaches + solutions for this specialised industry.
